

Royal Container Program

Royal Container Program

www.royalpaper.com

Introduction

Since 1949, our family business, Royal Paper Products, Inc has taken great pride in providing the finest personalized service, along with a broad range of disposable products for the hotel, motel, restaurant, and janitorial industries.

With the introduction of the Royal Container Program, it is our pleasure to bring over 50 years of importing experience, manufacturing, quality control, inventory management and logistical experience to your doorstep.

Trust a reliable brand with a proven record of success and allow us to develop a program that meets your needs.

Why a Royal container program?

- Factory direct pricing from multiple countries including China, Vietnam, Thailand, Malaysia, Indonesia, and India
- The ability to manufacture products to stock specifications or customized to meet your requests
- Remain current with fluctuating market conditions - raw materials and freight
- Promote your brand - all items can be private labeled
- Quality control - pre shipment inspections of product and packaging specifications

What you need to know?

- Container lead times are an average of 90 days from when orders are confirmed to when they are delivered
- Royal will manage all logistics and importing processes required to deliver containers of product to your location
- Customers will receive regular updates on the status of their order from the time it is received to the time it is delivered
- Palletizing product in containers is available
- Product within containers may be consolidated by item groups

Ready to Purchase Containers?

Please contact your Royal representative today so we can start working for you! To get started we will need the following:

- Delivery location
- Item details and product categories of interest
- Samples of current product
- Programs and rebates if any to be included in our proposal
